

## P2-05: Child Safe Environment Policy

The United Nations Convention on the Rights of the Child (UNCRC) outline that children and young people have a right to be safe and cared for, no matter where they are or who they are with. Children have the right to be protected from violence, abuse, or neglect. When working with children and young people, it is important to understand children's rights and needs.

Queanbeyan & District Preschool Association (QDPA) are advocates for children and have a strong commitment to child safety and establishing and maintaining a child safe environment. Children's safety and wellbeing are paramount at QDPA. QDPA embeds the National Principles for Child Safe Organisations and promotes a culture of safety and wellbeing to minimise the risk of child abuse or harm to children whilst promoting children's sense of security and belonging (NQF October 2023).

### NATIONAL QUALITY STANDARD (NQS)

QUALITY AREA 2: CHILDREN'S HEALTH AND SAFETY		
2.2	Safety	Each child is protected
2.2.1	Supervision	At all times, reasonable precautions and adequate supervision ensure children are protected from harm and hazard.
2.2.2	Incident and emergency management	Plans to effectively manage incidents and emergencies are developed in consultation with relevant authorities, practised and implemented.
2.2.3	Child protection	Management, educators, and staff are aware of their roles and responsibilities to identify and respond to every child at risk of abuse or neglect.
QUALITY AREA 5: RELATIONSHIPS WITH CHILDREN		
5.1.1	Positive educator to child interactions	Responsive and meaningful interactions build trusting relationships which engage and support each child to feel secure, confident, and included.

EDUCATION AND CARE SERVICES NATIONAL LAW AND REGULATIONS	
82	Tobacco, drug, and alcohol-free environment
83	Staff members and family day care educators not to be affected by alcohol or drugs
84	Awareness of child protection law

99	Children leaving the education and care service premises
102(A-D)	Transportation of children (risk assessments and authorisations)
103	Premises, furniture, and equipment to be safe, clean and in good repair
104	Fencing
105	Furniture, materials, and equipment
106	Laundry and hygiene facilities
109	Toilet and hygiene facilities
115	Premises designed to facilitate supervision
122	Educators must be working directly with children to be included in ratios
123	Educator to child ratios- centre based services
136	First aid qualifications
145	Staff record
149	Volunteers and students
155	Interactions with children
162	Health information to be kept in enrolment record
165	Record of visitors
166	Children not to be alone with visitors
167	Record of service's compliance
168 (2)(h)	Education and care services must have policies- Providing a child safe environment
170	Policies and procedures to be followed
171	Policies and procedures to be kept available
S162 (A)	Persons in day-to-day charge and nominated supervisors to have child protection training
S165	Offence to inadequately supervise children
S166	Offence to use inappropriate discipline
S167	Offence relating to protection of children from harm and hazards

## PURPOSE

QDPA has a legal and ethical responsibility to provide a safe and friendly environment where all children are respected, valued, and encouraged to reach their full potential. Children's safety and wellbeing is paramount, and we aim to take all practical steps to protect children and young people from harm or risk of harm, ensuring a healthy and safe environment. QDPA provides children and staff with an environment free from the use of tobacco, alcohol, and illicit drugs.

## SCOPE

This policy applies to children, families, staff, educators, management, approved provider, nominated supervisor, students, volunteers and visitors of the Service.

## IMPLEMENTATION

Under the Education and Care Services National Regulations, QDPA must ensure that policies and procedures are in place for providing a child safe environment and take reasonable steps to ensure those policies and procedures are followed. (Regulation 168, Regulation 170). The National Law requires management to ensure all children being educated and cared for are adequately supervised and every reasonable precaution is taken to protect children from harm and any hazard likely to cause injury. Our focus is to build a child safe

environment which is reflected in QDPA policies and procedures and understood and practiced by all children, young people, educators, staff, volunteers, visitors, and students.

*‘Child safety is everyone’s responsibility.’* (A guide to the Child Safe Standards. p.26. 2020)

## KEY TERMS-DEFINITIONS

Code of Conduct	Together with a code of ethics, the code of conduct helps guide interactions between management, educators and staff, as well as informing the service decision-making processes relating to professional standards
Disclosure	The process where a child or young person conveys or attempts to convey that they are being or have been abused.
Information sharing	Refers to sharing or exchanging information, including personal information about, or related to, abuse in organisational contexts. The terms refer to sharing information between (or within) organisations, as well as sharing information with professionals who provide key services for children.
Mandatory reporter	A person who is required to report known and suspected cases of child abuse and neglect to a nominated government department or agency.
Mandatory reporting	The legislative requirement for selected classes of people to report suspected cases of child abuse and neglect.
National Principles for Child Safe Organisations	Ten child safe standards recommended by the Royal Commission into Institutional Responses to Child Sexual Abuse and are the vehicle for giving recommendations relating to the standards.
Reportable conduct	Certain organisations or entities have legal obligations under Reportable Conduct Schemes to notify and investigate certain allegations of abuse involving a child, when the allegation is against someone they employ, engage or contract in circumstances outlined in the legislation.
Rights of the Child	Human rights belonging to all children, as specified in the United Nations Convention of the Rights of the Child.

**Wellbeing** Sound wellbeing results from the satisfaction of basic needs. It includes happiness and satisfaction, effective social functioning and the dispositions of optimism, openness, curiosity, and resilience.

**Working with Children Check (WWCC)**

A notice, certificate or other document granted to, or with respect to a person under a working with children law. The person has been assessed as suitable to work with children; there has been no information that if the person worked with children the person would pose a risk to the children; or the person is not prohibited from attempting to obtain, undertake or remain in child-related employment.

## STATEMENT OF COMMITMENT TO CHILD SAFETY (National Principles 1-10)

At Queanbeyan & District Preschool Association, we are deeply committed to creating a safe, inclusive, and nurturing environment where every child feels protected, nurtured and empowered. Our dedication to child safety is central to every decision we make, and we uphold the right of every child to feel safe and be safe within our services. We have zero tolerance for child abuse, and the wellbeing of children and young people is paramount in all our activities and interactions.

### Underpinning Values

Our commitment to child safety is embedded in our policies and procedures, especially our Child Protection and Child Safe Environment policies, which guide how we prevent harm and respond to risks. We take a preventative and proactive approach to child safety through the guidance and tools surrounding the United Nations Convention on the Rights of the Child, NSW Child Safe Standards and the National Child Safe Principles. We foster a culture of openness, where the safety and wellbeing of every child is at the forefront of our decision-making and day-to-day operations. We value and respect diversity, ensuring that we support the cultural safety of all children, including First Nations children and those from culturally and linguistically diverse (CALD) backgrounds, as well as children with additional needs, ensuring that our services are inclusive and welcoming to all.

### Additional Values

We recognise the importance of cultural awareness and are committed to providing an environment where the voices of children and young people are heard and respected. By incorporating Aboriginal and Torres Strait Islander cultures and perspectives into our practices, we ensure that all children are celebrated for their unique backgrounds and contributions

Our focus on inclusivity aligns with the broader mission of Queanbeyan and District Preschool Association (QDPA), which is to foster community connections and promote an educational culture that honours diversity and supports every child's right to a safe, high-quality learning experience.

### **Demonstration of Intent**

To support our commitment, we invest in our staff and volunteers by providing continuous professional development and ensuring they are equipped with the skills and knowledge necessary to uphold child safety. We actively encourage children and their families to share feedback and provide input, enabling us to refine and strengthen our child-safe practices. We maintain strong partnerships with the community and regularly review our policies to ensure they remain relevant and effective

### **Supporting Our Commitment in Operations**

- We take proactive measures to prevent harm and empower children to speak up when they feel unsafe.
- We respect the diversity of cultures and child-rearing practices while maintaining our priority on child safety.
- We recruit staff and volunteers who share our values and meet rigorous safety standards, supported by supervision and ongoing professional development.
- We ensure that children know who to approach if they have concerns, and we encourage them to express any worries freely.
- We promptly report any suspected abuse, neglect, or mistreatment to the appropriate authorities and work in collaboration with other organisations where necessary to safeguard children.
- We actively involve families and carers, communicating regularly to keep them informed and engaged in safeguarding children's wellbeing
- Our policies are reviewed annually to ensure relevance and clarity in promoting appropriate behaviour with children.

### **Conclusion**

At Queanbeyan & District Preschool Association, child safety is more than a priority—it is a core value that informs every aspect of our work. Our commitment to inclusivity, cultural awareness, and proactive child protection ensures that each child is respected, supported, and secure. We are dedicated to creating an environment where children not only feel safe but are empowered to grow and thrive. Every decision we make and action we take places the safety and wellbeing of children at the forefront of our organisation's mission.

### **COMMUNICATION (National Principles 2 and 3)**

QDPA aim to build and maintain positive and respectful relationships with children, families, staff and educators within our Preschools, and prioritise a child safe environment. We communicate regularly and

clearly with all stakeholders and ensure our policies and procedures are available to staff, educators, employees, students, volunteers, families and children and young people. (Reg. 170). Our policies are available on OWNA and our website. We welcome and encourage children, young people and families to share feedback and evaluation of our policies and procedures through surveys, feedback, or discussions with management.

### **PARTICIPATION OF FAMILIES, CHILDREN AND YOUNG PEOPLE (National Principle 2)**

QDPA ensures families are always welcome and feel comfortable asking questions on how we prioritise child safety. QDPA provide a range of opportunities for consultation and collaboration about decisions about their child's safety whilst at our Preschool's including:

- policy and procedure review
- child protection
- allegations/grievance procedures
- sun safety
- written authorisations- parenting orders
- code of conduct
- inclusivity and supporting children and young people with diverse needs.

We promote a respectful, child safe culture where children and young people's concerns are always responded to, and children and young people feel empowered to participate in decisions and provide feedback to educators and staff.

QDPA provides opportunities for conversations with children and young people about their rights and encourages children and young people speak up if they are feeling unsafe or worried. We provide multiple channels for children and young people to lodge complaints, tailoring these options to their communication preferences based on their feedback. We work individually with children and young people about the type of support they may require participating in the complaint's procedure.

### **CODE OF CONDUCT (National Principles 4 and 6)**

Management, educators, staff, volunteers, and students will adhere to QDPA's *Code of Conduct Policy*. Our *Code of Conduct Policy* clearly outlines expectations regarding behaviour and describes the principles, values, and ethical guidelines that guide our staff and stakeholders in their interactions and activities. All educators

and staff members are made fully aware that following breaches of the Code of Conduct and role responsibilities may result in disciplinary action which may lead to termination of employment. Individuals can report any concerns they may have about inappropriate actions of any educator, staff, student or volunteer that involves children or young people to management, ensuring a prompt and thorough response to maintain a safe and secure environment for all. We will:

- Promote a culture of child safety and wellbeing in all aspects of QDPA's operations
- Adhere to our Child Safe Environment Policy and Child Protection Policy at all times.
- ensure all staff, educators, volunteers and students have undertaken current child protection legislation training
- Provide adequate and effective supervision of children at all times.
- Take reasonable action to protect children and young people for risk of harm.
- Ensure the Preschool premise is free from the use of tobacco, illicit drugs, and alcohol.
- Be responsible for their own, and others health and safety.
- Be a positive role model to children and young people.
- Respect children and young people's privacy and dignity always
- Listen and respond appropriately to the views and concerns of children and young people.
- Report any allegations of child abuse to the Approved Provider or to relevant authorities
- Notify the approved provider and the regulatory authority within 24 hours of any serious incident or complaint as per the National Regulations
- Encourage children and young people to 'have a say' on issues that are important to them.

Staff, educators, students and volunteers must:

- Not discriminate against any child, because of age, gender, cultural background, race, ethnicity, or disability
- Not put children or a young person at risk of abuse- refusing food/play, making threats, exposing children to inappropriate language or material (movies, internet, photos)
- Not develop any 'special' relationships with children or young people that could be seen as favouritism such as the offering of gifts or special treatment.
- not be under the influence of drugs or alcohol while working; bring alcohol or drugs onto the premises
- not smoke or vape in or on surrounding areas of the Service.

## RECRUITMENT (National Principle 5)

QDPA maintains a rigorous and consistent recruitment, screening, and selection process to ensure the best staff members and educators are employed based on skills, qualifications, experience, and suitability for the position available. All staff and educators participate in robust interviews and have reference checks completed to ensure the applicant's suitability to the role, previous experiences and their commitment to child safe values and practices. All staff and educators are provided with a comprehensive induction process which outlines our Code of Conduct, identifying and responding to child abuse, grievance processes, and work health and safety. New employees (including the nominated supervisor and staff members), students and volunteers are to familiarise themselves with the Child Protection Policy to understand the Child Protection Law and their obligations and mandatory reporting duties to ensure the safety and well-being of children at the service.

## WORKING WITH CHILDREN CHECK- POLICE CHECKS (National Principle 5)

Working in conjunction with the Child Protection Act and National Regulations, the safety, welfare, and wellbeing of children is paramount within QDPA and our community. A Working with Children Check (WWCC) is a requirement for people who work in child-related work. It involves a national criminal history check and a review of findings of workplace misconduct.

The result of a Working with Children Check is either a clearance to work with children and is valid for five years, or a bar against working with children. Cleared applicants are subject to ongoing monitoring and relevant new records may lead to the clearance being revoked.

Management is responsible for the periodic review and maintenance of up-to-date records of employees, including the Working with Children Check number and the date on which each clearance expires. Once an employee provides their WWCC clearance, management will verify the clearance to ensure that it is valid and current. The WWCC will be placed in the individual's file. Management will verify all student and volunteer WWCCs prior to placement. Any visitor who has direct contact with children will be required to provide a WWCC for verification prior to coming into contact with children. The approved provider will keep a record for each day a student or volunteer participates in the service including date and hours of participation. If an employee's WWCC is revoked, QDPA will be notified by the Office of the Children's Guardian (OCG). There is no requirement to continue to verify an employee's WWCC clearance after the initial check.

## CHILD PROTECTION- REPORTABLE CONDUCT SCHEME (National Principle 6)

Children and young people always have a right to be safe and protected. To comply with legislation and ensure a child safe environment, all educators, staff, volunteers and students are advised of current child protection law and understand any obligations under the law. Supervision is effective to ensure they understand that *child safety is everyone's responsibility*.

All management (with direct contact of children or young person), educators and staff are mandatory reporters and have a legal obligation to make reports if they suspect on reasonable grounds, a child is at risk of significant harm. Neglecting these obligations could potentially be deemed a criminal offence. All staff are provided with up-to-date training about child protection law and their obligations under this law and to ensure they are confident in following the reporting guidelines within NSW and adhere to our *Child Protection Policy*. (Reg 84). Management will ensure training and development are provided for all educators, staff, and volunteers in child protection on an annual basis.

Through continual education and training, educators and staff are equipped with the knowledge, skills, and awareness to keep children safe. Training gives educators and staff confidence to identify, respond and report child abuse. QDPA requires all employees to complete a course in child protection approved by the Regulatory Authority on an annual basis.

To protect children and young people and ensure their safety, welfare and wellbeing, management is responsive to report allegations or convictions of harm or risk of harm to a child or young person and child related misconduct by any staff member, educator, volunteer or contractor to the Office of the Children's Guardian, Department of Communities and Justice and the regulatory authority.

QDPA is committed to providing support to children, young people, families, educators or staff who have made a report regarding child protection, with a focus on upholding strict confidentiality throughout the process. Our primary concern is the well-being and safety of the child or young person, and we will work closely with relevant authorities, professionals, and support networks to ensure that the child or young person's best interests are met throughout the process. Our dedicated support system will assist educators and staff in navigating this challenging process while safeguarding their privacy and professional well-being.

#### Child protection- Allegations Against Employees

To protect children and ensure their safety, welfare and wellbeing, management is responsive to report allegations or convictions of child abuse and child related misconduct by any staff member or volunteer or contractor to the Office of the Children's Guardian (OCG) as part of the *Reportable Conduct Scheme*.

QDPA will ensure an appropriate level of confidentiality of information relating to the reportable allegations as per the Children's Guardian Act 2019. We take our legislative responsibilities as part of the Reportable

Conduct Scheme seriously and will respond to any reportable allegation or conviction against employees or volunteers that may arise.

We take our legislative responsibilities as part of the Reportable Conduct Scheme seriously and will respond to any reportable allegation or conviction against employees or volunteers that may arise.

### REPORTING AND RESPONDING TO GENERAL COMPLAINTS (National Principle 6)

Feedback from children, families, educators, staff, and the wider community is fundamental in creating an evolving Preschool environment, working towards the highest standard of education. We ensure educators, staff, volunteers and students are well informed about the different ways children may express concerns, distress and disclose harm as well as the process for responding to disclosures from children- including a complaint that alleges a child is exhibiting sexual behaviours that may be harmful to the child or another child. (ACECQA 2023)

We aim to investigate all complaints and grievances with a high standard of equity and fairness. QDPA believes in procedural fairness and natural justice that govern the strategies and practices, which include:

- The right to be heard fairly.
- The right to an unbiased decision made by an objective decision maker.
- The right to have the decision based on relevant evidence.

### PHYSICAL ENVIRONMENT – SUPERVISION AND SAFETY CHECKLISTS (National Principles 5 and 7)

Children's safety is embedded in our day-to-day practices. We ensure effective and adequate supervision is always provided to children, whilst ensuring educator to child ratios are met at all times. Educators will employ 'active supervision' strategies within the preschool environment and when participating in excursions or transporting children. Consideration will be made for the different ages and abilities of children and the activities that may require different levels of supervision.

Sleeping children will be closely monitored at regular intervals and will always be within sight and hearing distance of educators so a child's breathing, and the colour of their skin can be monitored. Consideration will be provided when older children are using the toilet and bathroom areas, including monitoring and supervision across all areas that children access.

Through conducting risk assessments, we assess and manage risks in the physical environment collaborating with children to develop behaviour guidelines for play including adventurous and courageous play to ensure

their safety. Educators have a sound understanding of their duty of care and responsibilities in ensuring a child safe environment.

Educators conduct regular safety checks to maintain basic standards of safety within our Preschool's. We believe that child safety is a shared responsibility at all levels within our Preschool's. Children are encouraged to speak up about their safety and the safety of their friends by telling an educator if they feel unsafe in a particular situation or environment.

Educators will complete daily checklists to assist and record inspections of the physical environment where foreseeable risks may be evident and cause harm or injury to a child. Any findings that require attention will be either dealt with immediately or submitted into the maintenance log on OWNA depending on priority.

#### RISK ASSESSMENT & RISK ASSESSMENT TOOL (National Principle 8)

It is a legislative requirement that management, staff and educators implement a risk management system where they identify and manage hazards and risks within the workplace to ensure a child safe environment. Strategies are in place to make sure child safety (through the National Principles for Child Safe Organisations) and Education and Care National Regulations are embedded across QDPA. The key principles of risk management include:

1. Identifying all hazards or potential hazards in the service/residence/venue
2. Assess the risk of harm or potential harm for each hazard.
3. Control or manage the risk – Risk Rating Matrix
4. Monitor and improve safety – Risk Assessment Action Plan
5. Evaluate and Review

It is the responsibility of all staff and educators at our Preschool's to complete a risk assessment where children's safety may be jeopardised and when organising an excursion/incursion or any transportation of children. Children's safety must be incorporated into everyday practice within the Preschool's. Common hazards within the Preschool's which may require a risk assessment include:

- cross-infection and infectious disease
- administration of medication
- anaphylaxis procedures and management
- building and equipment (including storage)

- inadequate space for conducting activities and experiences.
- hazardous chemicals
- electrical appliances
- food preparation and storage
- environmental influences such as shade, noise etc
- sun safety
- children's behaviours
- water safety
- fire equipment
- pets and/or animals
- inadequate supervision of children
- children's activities and experiences
- Work Health and Safety such as manual handling
- non-compliance risk
- hot drinks
- transportation of children (regular outing and regular transportation)
- excursions
- potential emergencies
- natural disasters
- safe arrival of children
- sleep and rest
- organisation culture (child-safe culture)
- physical contact
- training
- online activities
- electrical devices (photographs/videos)
- privacy and confidentiality

## EMERGENCY AND EVACUATION PROCEDURES

Management will ensure that copies of the emergency and evacuation floor plan is displayed in prominent positions near each exit of the service premises.

All staff and educators are familiar with emergency evacuation procedures and regulatory requirements. Rehearsals for emergency and evacuation procedures, including lock downs, are conducted at least once every 3 months. Records will be kept for all rehearsals on OWNA.

## ARRIVAL AND DEPARTURE AUTHORISATION

QDPA prioritises children's safety at all times. Staff and educators will only release children to an authorised person as named on the child's enrolment form. Management will request families provide current court orders, and parenting plans to ensure our records are up to date.

National Regulations require our Preschools to keep a record of children and visitor's arrival and departures, with the signatures of the person responsible for verifying the accuracy of the record and the identity of the person collecting the child.

Educators will work in collaboration with our *Delivery of children to and Collection from Education and Care Premises Policy* and *Student, Volunteers and Visitors Policy* to ensure children feel safe and secure.

To ensure children's safety, staff and educators have a clear understanding of their legal obligation to check identification when a person is collecting a child. To maintain compliance, parents and educators will provide additional authorisations within the enrolment form or in writing via email, if they authorise a person who is not on their emergency contact form to pick up their child.

## ONLINE SAFETY (National Principle 8)

QDPA is committed to creating and maintaining a safe online environment with support and collaboration with children, educators, staff, families, and community. Management ensures anti-virus and internet security systems are installed to block access to unsuitable web sites, newsgroups, and chat rooms.

QDPA ensures backups of important and confidential data is made regularly and either stored securely offline, or online. Software and devices are updated regularly to avoid any breach of confidential information.

Families are provided with information about our software program, OWNA, which is password protected and used to share observations, photos, videos, daily reports, and portfolios. Passwords are not to be shared with others as per our written agreement.

Written authorisations are requested as part of the enrolment process for children to have their photo taken and published as part of promotional marketing or on the app program used by the Preschool. The identity of a

child is not published on any platform without written consent. Authorisations are collected from families and educators surrounding the use of ICT at QDPA.

The National Model Code is adopted across QDPA to support the Preschools in implementing child safe practices regarding the use of electronic devices for taking images or videos of children whilst providing education and care. Personal electronic devices include any device that can take images or videos such as mobile phones, digital cameras, tablets, smart watches and any other new and emerging technologies, where those technologies have image taking or video recording capability. Only service issued/approved devices may be used in our preschools when taking/recording images or videos of children and must be stored securely in the appropriate files in the QDPA drive.

Any person working or engaged within the preschool, including staff, educators, children, volunteers and students is prohibited from having personal electronic devices that can take images or video, such as tablets and phones on their person whilst with children, except for the event of explicit approval from Management/Approved Provider, or essential purposes that may include:

- communication in an emergency situation involving a lost child, injury to child or staff member, or other serious incident such as lockdown or evacuation
- personal health requirements such as heart or blood sugar monitoring
- disability where a personal electronic device is an essential means of communication
- local emergency event occurring, to receive emergency notifications through Government warning systems such as text messages
- family necessity, for example an employee with an ill family member.

Only educational software programs and apps that have appropriate content and have been examined prior to allowing their use are used in the Service. Children are always supervised using any technology.

## STORAGE OF HAZARDOUS SUBSTANCES

We reduce the risk of harm to children and educators by using eco-friendly products. Our Preschool's will endeavour to provide a safe environment where necessary chemical and hazardous equipment are safely stored away from children and handled appropriately.

Management, staff and educators will keep a register of hazardous chemicals used at each preschool, including relevant Safety Data Sheets (SDS).

## EQUIPMENT, FURNITURE & MAINTENANCE RECORD

There are several factors that can contribute to a hazard, such as a deprived program, insufficient supervision, and dilapidated equipment. To ensure a child safe environment free from hazards QDPA has implemented practices and continue to monitor QDPA policies and procedures that uphold Australian Safety Standards.

The premises and all equipment and furniture used within each Preschool are audited to ensure all aspects are safe, clean and in good repair. We understand that hazards are specific to developmental stages; educators are aware that toys and equipment need to be checked to ensure they are safe and developmentally appropriate for children. Regular checks occur within our Preschool's to ensure that all toys, furniture, and equipment are in good condition and working order.

## CONTINUOUS REVIEW (National Principle 9)

To ensure we maintain a culture of continuous improvement, we will ensure our child safe practices are regularly reviewed, evaluated, and improved. We aim to ensure all educators, staff, students and volunteers understand and effectively implement our policies and procedures to provide a child safe environment at QDPA. We will regularly review and monitor the effectiveness of our Child Safe policies and procedures and invite children, staff members, families, and communities to contribute to their development. Any updates or revisions will be communicated to all stakeholders. Our *Child Safe Environment Policy* will be reviewed on an annual basis.

## CHILD SAFE STANDARDS LEGISLATION/RESOURCES

The Children's Guardian Amendment (Child Safe Scheme) Bill 2021 came into effect on 1 February 2022 requiring organisations who work with or provide services to children to implement the NSW Child Safe Standards. Compliance and enforcement measures under the Children's Guardian Act commenced from 1 February 2023.
